MEDALS AND HONOR, MOSTLY THE MEDALS

Bob Rinehart Sees Teddy and Also Sees Funny Sights at Coney Island.

R. H. Rinehart left for New York "rough rider" returned from New York. And there you are. Leaving here in the seclusion of private citizenship and as a sedate business man, Rinehart was stung by the bug of fame before he returned from the celebration incident to the home coming of another equally well known rough rider. The Roosevelt bug stung Bob some place between Newman, N. M., and Hoboken, and he has returned a chronic sufferer from the dread disease of delighted citizenship.

Riding in the vanguard of the parade which was given for T. R. Rinehart received the plaudits of the public, from the battery to the Bronx, in the famous parade of the city street. When the river front dock waller was shoved into the slimy depths of East river because he innocently asked who this Roosevelt person was.

Hobnobbing with Richard Harding Davis, the Abernathy boys from Oklahoma City and the moving picture men, Rinehart rode proudly at the head of the column, mounted on a charger which had been borrowed for the auspicious occasion from the city street cleaning department, bowing and acknowledging the applause which he and his brave comrades of the First Volunteer cavalry received as they rode as an escort of honor to the roughest riding R. R. of them all.

When Bob came back to tell the folks at home about the doings, he was covered with honor and badges. He attended the luncheon given by the Rough Riders at the Harvard club when Col. Roosevelt told what the emperor of Germany said to him about—but no more. Bob is sworn to eternal secrecy on that subject at the request of his brave colonel and there will be no breaking faith with him.

But there were other things, many other things, which happened during the history Saturday when Teddy came marching home. Rinehart is considering writing the story of his experiences for the magazines and may lecture before the moving picture screen on the historic campaign of Saturday, June 13, 1919.

But Bob is not going to tell anybody how long he stood out at Coney Island in front of that device loaded with compressed air that blew up the skirts of the women who happened to step on an innocent looking little grating; Bob says that's nobody's business.

The Deadly Finger Nail

Every time you scratch yourself you run a risk. To scratch your scalp, a pimple or a scab is dangerous. Your finger nails carry germs of Eczema, Tetanus (Lockjaw), Erysipelas and all manner of skin diseases. Let one germ get into the scratched place and trouble is sure to follow. Because you have been lucky enough to escape so far is no sign that you will be so lucky in the future. For any itching use Little's Liquid Sulphur Compound, stops itching instantly, and permanently. It kills all skin troubles—Eczema, Erysipelas, pimples, running sores, Tetter, Ring Worm, Chaps, Roughness, Redness or Skin Blisters. Sample bottle sent postpaid for 10c. Rhums-Sulphur Co., St. Louis.

"Just Say" HORLICK'S

It Means Original and Genuine

MALTED MILK

The Food-drink for All Ages.

More healthful than Tea or Coffee. Agrees with the weakest digestion. Delicious, invigorating and nutritious. Rich milk, malted grain, powder form.

A quick lunch prepared in a minute. Take no substitute. Ask for HORLICK'S. Others are imitations.

Goat Lymph Double Tablets

Nature's own remedy for depleted nerve force, for exhaustion, for debility, for insomnia; the most highly effective remedy for all these troubles. Sold in El Paso only by Kelly & Pollard, Sheldon Hotel.

MOTHER GRAY'S SWEET POWDERS FOR CHILDREN

A Certain Relief for Feverishness, Constipation, Headache, Stomach Troubles, Coughs, Disorders, and Drowsiness. In 34 boxes. At all drug stores. Trade Mark: Don't let anyone substitute. A. S. OLMSTED, Le Roy, N. Y.

A FEELING OF SECURITY.

You naturally feel secure when you know that the medicine you are about to take is absolutely pure and contains no harmful or habit producing drugs.

Such a medicine is Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy.

The same standard of purity, strength and excellence is maintained in every bottle of Swamp-Root.

Swamp-Root is scientifically compounded from vegetable herbs.

It is not a stimulant and is taken in teaspoonful doses.

It is not recommended for everything. It is nature's great helper in relieving and overcoming kidney, liver and bladder troubles.

A sworn statement of purity is with every bottle of Dr. Kilmer's Swamp-Root.

If you need a medicine, you should have the best.

If you are already convinced that Swamp-Root is what you need, you will find it on sale at all drug stores in bottles of two sizes, fifty-cents and one-dollar.

Sample Bottle of Swamp-Root Free by Mail.

Send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle free by mail—it will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys. When writing be sure and mention the El Paso Daily Herald.

Decorating company, to erect an electric sign in front of the Palace of Sweets on North Oregon street, the St. Regis hotel to erect an electric sign. They were all referred to the proper committee. A. S. Geissinger, J. M. Phillips and I. Snider wanted hawkers' licenses, their petitions being referred to the sanitary department. A petition signed by H. B. Stevens, W. R. Martin and others, asking that Upson avenue, between Missouri and Lawton streets, be paved, was adopted and the matter referred to alderman Clayton and city engineer Todd, who will visit all the property owners and ascertain their views on the proposed improvement. The petition asks for bi-trimble paving.

Paving Work.

A resolution calling for bids on the paving of North Campbell street was read and adopted, bids to be in by 10 a. m. July 14.

The estimate of city engineer Todd on the work done on the South Stanton street pavement was received and a warrant ordered drawn for the amount, \$12,855.51, subject to the approval of the city attorney.

City electrician Samworth has been granted a three weeks' vacation, beginning July 5, the council adjourned.

City's Health.

Health officer Anderson made the following weekly report:

Total number of deaths, 24; seven Americans, 17 Mexicans.

Births, 18; Americans, 6; Mexicans, 11; negroes, 1.

Tuberculosis reported during week, one; whooping cough cases remaining, 45; smallpox, none; measles, 16; typhoid fever, 11; fumigations, three.

Permentation water tests, 36; plate counts, 41; indurations, 16; complete water analysis, one; milk analysis, two; meat markets inspected, 203; meat condemned, 171 pounds; dairies inspected, 115; slaughter houses inspected, 20; dairy notices, five; inspected cattle, 144; hogs, eight; calves, 76; sheep, 52.

LAS CRUCES AND MESILLA VALLEY

MESILLA PARK FARMER LOSES TWO VALUABLE HORSES

Death Supposed to Have Been Caused By Animals Eating Barbed Wheat Planted With Alfalfa Crop.

Las Cruces, N. M., June 30.—J. C. Coburn, the Mesilla Park farmer, had the misfortune to lose two of his best horses. Death is supposed to have been caused by the horses eating barbed wheat which had been planted as a nurse crop with young alfalfa.

LAS CRUCES DAILY RECORD.

Las Cruces, N. M., June 30.—The following deeds and other papers of record have been filed with the recorder of Dona Ana county.

Deeds.

J. D. Wollett to Oliver Marty, warranty deed to lots 5 and 12 in block 8 of Westmont Heights addition; consideration \$20; dated June 29, 1919.

H. Vandewerf to Marie L. Moreland, warranty deed to lots 10 and 11 in block 19 of Miller's Washington park addition; consideration \$1 and other values; dated June 28, 1919.

L. H. Vandewerf to Mrs. Minnie Sherman, warranty deed to lot 14 in block 22 of Miller's Washington park addition; consideration \$1 and other values; dated June 28, 1919.

H. Vandewerf to J. M. Rely, warranty deed to lots 18 and 19 in block 18 of Miller's Washington park addition; consideration \$1 and other values; dated June 28, 1919.

Marriage License Issued.

Lebrado Morillo to Guadalupe Telles. Dolores Bormuda.

LAS CRUCES LOCAL NEWS.

Las Cruces, N. M., June 30.—A. R. Coleman, secretary of the chamber of commerce, has gone to El Paso to join Judge Fall and party for a two weeks' outing on Three Rivers.

Joe Smith, who has been quite sick for several weeks at his ranch home near Mesilla Park, with pneumonia, is rapidly convalescing.

Arrangements are progressing for the big celebration in Las Cruces on the Fourth.

Capt. S. J. Woodhull was a passenger for El Paso this forenoon.

Mrs. W. E. Foukies and children left this forenoon for Deming to visit relatives.

Jeff D. Isaacs went down to the Pass City, this forenoon.

LAS CRUCES HOTEL ARRIVALS.

Las Cruces, N. M., June 30.—The following guests are registered at the hotel Don Barnardo: James Barry, Chicago; J. H. Smith, Albuquerque; W. L. Williams, Silver City; O. B. Wood, Chamberino; S. F. Balleu, Albuquerque; G. Millikin, El Paso; A. A. Anderson, Solomonsville, Ariz.; Miss Marie Lawshe, Dripping Springs, Texas; John D. Boyd, Boyd's Well.

Organized for Murder.

Kansas City, Mo., June 30.—The working of a gang of murderers and robbers in Chicago were described to the police of Kansas City, Kansas, by James Tenoff, a Bulgarian, by his own confession, one of the assassins employed by the gang.

MEXICO MINES HAVE LARGEST PUMPS IN WORLD

Candelaria Mine Heavy Ore Shipper—El Pasoans Find Gold.

San Pedro, Chihuahua, Mexico, June 30.—The Candelaria Mining company has ordered three new pumps, each with a capacity of 1000 gallons of water a minute for the Congress mine at Leon camp. When these pumps are installed, the company will be able to pump from 12,000,000 to 15,000,000 gallons of water from the mine daily. It has already three big pumps and Bacon air lifts that are pumping now over 3000 gallons a minute. This pumping plant when completed will be the greatest installation of the kind in any mine in the world, exceeding that of the Tombstone Consolidated mine, Arizona.

It is estimated that the Candelaria company has over 4,000,000 tons of ore in sight in the Congress mine, the ore body being over 400 feet in width in one place. It is now working over 750 men and supports a population of about 3500 people.

In the same camp the company is also operating the San Benigno mine, only a mile distant from the Congress mine, which is producing from 100 to 200 tons of ore daily, over one fourth of which is good shipping ore. The shipments to the El Paso smelter are from one to two carloads a day.

Regular shipments are also being made by the company from the San Pedro and Candelaria mines two miles distant from the Congress. The company has put up a small 100 ton experimental mill and expects to mill the entire Candelaria dump, containing a million tons that have accumulated in the past.

The Candelaria company is today the biggest shipper to the El Paso smelter of any mining company in the southwest.

Gold Strike by El Pasoans.

A very rich gold strike has just been made by L. C. Bryant, who with other El Paso associates is operating the San Pablo mine in the vicinity of the Congress mine. Mr. Bryant has opened up a two foot vein showing free gold and running high in values.

Antoine E. Turner, who has leased and is working the Ysabelita mine, which lies between and contiguous to the San Benigno and Congress mines, has opened a vein of ore varying in width from three to 18 inches, assaying 550 ounces per ton in silver. Mr. Turner, who has been a long time operator of the mine, has just sold the mine to Capt. J. M. Smith, of El Paso, in the Congress mine in the Capitan mountains about 25 miles north of here, has just sold his half interest in it to Paul Traynor of the same camp, and will devote his whole time to operating the Ysabelita.

STEAM SHOVEL EQUIPMENT FOR CHINO MINE PROPERTY

"We shall be shipping the overburden from the Chino, New Mexico, property area inside of 30 days," said L. C. Jackling, general manager of this company before leaving El Paso for the property. "The steam shovel equipment for the work has been ordered and should soon be on the ground ready for business. The work in mill, power plant and machine shop construction is very satisfactorily advanced, and the mine management will accomplish its share of the task by having the ore in shape for mining when the mill is ready."

Mr. Jackling states that only a portion of the big ore deposit has been developed, in spite of the tonnage at present, which is up to the 13,000,000 ton mark. He expects to fully 40 percent of the mineralized ore can be reached by steam shovels. The total tonnage of developed and partially developed ore now in sight aggregate 18,750,075 tons of an average grade of 2.5 percent copper. The average of 2.5 percent ore now averages 323,000 tons.

TOBSTONE MINE INSTALLS BOILER—OTHER DEVELOPMENT.

Tombstone, Ariz., June 30.—At the Tombstone Consolidated Mines company shaft, mechanics are erecting two big horsepower boiler, doubling the capacity of any of the other 10 boilers now in use. J. Frye, diving engineer for Charles C. Moore & Co., of San Francisco, has the work in charge.

Several new sinkers have arrived and two more are expected to arrive this week. It is practically conceded that by July 15 rapid headway will have been made in the plans to clean the 1000 foot level.

MACHINERY AND SUPPLIES FOR ARIZONA MINE PROPERTY

Three carloads of heavy machinery and two cars of mechanical supplies have been sidetracked at Aldrich, on the Southern Pacific for the Cicero Smith Mining company located east of the Dragon mining camp, Cochise county, Arizona. There are 100 men working on the stamp mill will be running by August. It is thought.

BIG STAMPS FOR ARIZONA MINE.

The new stamp mill being erected at the Vulture mine, in Arizona, is of extraordinary character. The large number of immense timbers used—double the trunks of giant trees. However, when the size of the stamps to be used in the mill are considered it can readily be understood that only the heaviest timbers could be used with good results. The stamps weigh 1500 pounds each and are of the California pattern with the latest devices in connection whereby the handling of the big stamps is made comparatively easy.

DISBEE ORE FOR EL PASO.

Through the Higgins tunnel, the Wolverine mine in Bisbee is shipping 300 tons of copper oxides averaging 10 percent. On the Don Louis side of the property Ed Stiffler, and associates, lessees, are taking out sales and are preparing to ship a carload to the El Paso smelter.

WORK AT BISBEE EXTENSION.

The Bisbee Extension, according to George P. Hyde, of Detroit, Mich., who is in Bisbee, has started up its pumps for work, and the engines have been repaired in order to allow the daily routine of the dairy to proceed unmolested. Mr. Smith estimates the net loss on his plant and machinery at \$4000, the gross loss having been about \$7000.

EL PASOANS DEVELOP SONORA COPPER MINE PROPERTIES

The Cobriza Copper company, the properties of which are west of Noria station on the line of the Sonora railway, Sonora, Mexico, has in course of construction a 1000 foot hoist shaft. A heavy mine pump and pipe have been installed and are in operation. The company has been prosecuting development work for several years, and has sunk a work shaft 500 feet deep, has 500 feet of underground work, and developed a great body of copper ore, of the chalcocite class.

DECISION IS HANDED DOWN IN NOTED MEXICAN MINE SUE.

Mexico City, Mex., June 30.—The second civil court of Mexico handed down a decision in favor of the Mexican Mine Development company against its president, George D. Barron, whereby Barron is commanded to pay over to the company \$11,529.52.

Among the principal stockholders of the company who will benefit by the decision are E. N. Brown, president of the National Railways of Mexico; J. N. Galbraith, general manager of the Waters-Pierce Co., of Mexico, and Thomas Milan, president of the Vera Cruz and Isthmus railway.

By the decision Barron must pay the company within eight days the sum of \$2,259,875 gold and interest on that amount from December 1, 1902.

The plaintiffs alleged in their action that the companies had authorized the

Wait for the Summer Round-Up Sale

DEAN OF DEMOCRATS IS DEAD

(Continued From Page One.)

statesman. He was ever faithful to the ideas of Democracy and never once was the confidence of his people shaken in him. An indication of his character was shown when he assumed personal debts of his father amounting to \$100,000 for which there was no moral claim upon the son. He felt it his duty, however, to discharge these and on his 65th birthday had the distinct pleasure of making the last payment.

Senator Daniel was a loyal confederate veteran, having been for years commander of Dearing camp, at Rustburg. His last public utterance was before Garland Ross camp of Lynchburg, when that organization commemorated the recent anniversary of the birth of Gen. R. E. Lee.

It is the general belief that governor Mann will appoint former governor Swanson to fill out the unexpired term of senator Daniel in the United States senate, though the governor has never made a public statement to this effect.

The governor's appointment will be for the rest of the present term. Senator Daniel was reelected for the ensuing term of six years beginning next March.

At his next session in January, 1912, the regular assembly will elect.

Linden Hotel, everything new and modern, opens July 1.

ALASKA REPUBLICANS ARE OPPOSED TO CONSERVATION

Juneau, Alaska, June 30.—The Republican territorial convention adopted a plank for its platform favoring home rule when the proper time comes. The convention asks for division of the territory and opposes conservation as now practiced in Alaska, citing that coal lands are being allowed to lie idle while coal is imported from British Columbia and Japan. Resolutions were adopted lauding the administration of Taft and governor Clark.

E. S. Orr, of Valdez was nominated for delegate to congress. He was once mayor of Tacoma.

NEW HOTEL IS OPENED.

The one thing El Paso has needed—a first class hotel—is open and ready for business. The Linden is the name of the hostelry that will fill the long felt want. Everything new, every modern convenience, centrally located with bath in every room and a shower bath on every floor with a first class cafe in connection. Is something El Paso can now claim with pride. The management announces that he is ready to receive first class transient trade. It is located opposite Carnegie Square, N. Oregon street, and known as the Linden. The rates are reasonable.

Delicately Formed

and gently reared, women will find in all the seasons of their lives, as maidens, wives and mothers, that the one simple, wholesome laxative remedy, which acts gently and pleasantly and naturally and which may be taken at any time, when the system needs a laxative, with perfect safety and really beneficial effects, is Syrup of Figs and Elixir of Senna.

It has that true delicacy of flavor which is so refreshing to the taste, that warming and grateful toning to the stomach which responds so favorably to its action and the laxative effect which is so beneficial to the system when, occasionally, its gentle cleansing is required.

The genuine, always bearing the name of the California Fig Syrup Co., may be purchased from all leading druggists in original packages of one size only, price fifty cents per bottle.

A Pointed Question!

Where to buy hay, oats, grain, etc., etc. This question is satisfactorily settled if you decide to favor us with your orders. We carry a large stock on hand which assures prompt delivery. Also headquarters for fresh field, garden and flower seeds.

O. G. SEETON & SON, Third and Chihuahua Sts.

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, to the body and thereby throw off lingering obnoxious coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM—it pays better. But you are thinking of the case not the profit, so there's nothing "just as good" for you. Say so.

Dr. Pierce's Common Sense Medical Adviser, in Plain English; or, Medicine Simplified, 1008 pages, over 700 illustrations, newly revised up-to-date Edition, paper-bound, sent for 21 one-cent stamps, to cover cost of mailing only. Cloth-bound, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.
